

Reopening Procedure

- Recommend patrons wear face masks while moving about the restaurant
- Hand sanitizer will be available at the entrance, exit and various areas around the restaurant
- We will have designated “Entrance Only” and “Exit Only” doors
- There will be forms available for people to voluntarily give their contact information. We will provide a box at the exit door to keep the information private from the public and it will be collected on a daily basis and kept for thirty days
- All counter chairs will be removed and no counter service will be available
- Only eight of our fifteen tables will be used to make sure we are 50% capacity or less and the tables are six feet apart. We will also set up tables outside six feet apart when weather permits
- Tables will have a dining time limit to prevent loitering and maximize table turn around
- Parties more than five people will not be permitted
- Take out orders will still be available but will not be allowed to wait for their order in the restaurant
- We will have a designated pick-up station for take out food and our delivery partners located near the entrance
- We have the floor and sidewalk marked for safe distance while waiting to be seated or picking up their take out order
- We will have single use disposable menus
- Salt and pepper will be left on the table and sanitized between seatings
- All tables, chairs and booth benches and backs will be sanitized between seatings
- Only one person will wait on a table/section from start to finish
- Employees will be screened for COVID-19 symptoms and have their temperature taken at the start of each shift
- Employees will be provided with PPE such as masks and gloves
- Employee will be required to maintain a six foot separation at all times with other employees
- Employees will be monitored for frequent hand washing
- Employees will be required to perform cleaning and sanitizing every hour in the bathrooms and frequently touched non-food surfaces. These cleanings will be logged on a schedule
- The owner, general manager and assistant manager will be monitoring the health of all employees and enforcing the COVID-19 safety plan
